

Eel Trace-Back

Moray Eels are the most common species of eels. They can grow to eight feet in length.
Can you help untangle these two eels?

Diver/Sunken Treasure Maze

Believe it or not, the Earth's ocean contains nearly 20 million tons of gold.
Can you help the diver find the sunken treasure?

Underwater Scenes

The average depth of the ocean is more than 2 1/2 miles deep.
How deep is that? That's the length of 44 football fields put together.

Can you find the 3 differences in these two underwater scenes?
